

**SY17 Grades 3-10 Florida Standards Assessment (FSA),
Florida Standards End-Course-Exam (EOC), and Next
Generation Sunshine State Standards (NGSSS)
Assessment Results**

The Florida Department of Education (FDOE) released assessment results for schools across the state. We are proud of the many school and overall District improvements.

The content mastered by students in these areas is critical to ensuring that our students have the knowledge and skills they need in their pathways toward becoming College and Career Ready. We are encouraged by the achieved improvements and how they translate into potential for success in rigorous courses. We appreciate all of the hard work and perseverance of our students, teachers, parents, administrators, District staff, and strong community support.

- The District outperformed the state in 20 of 22 (91%) state assessed areas, this is an increase from 2016 (82%).
- Grades 4, 5, 6, and 7 outperformed the state in all areas.
- All tested areas of science increased from 2016 to 2017 inclusive of 5th NGSSS, 8th NGSSS, and Biology.

Tables 1a-1c show the District and State results of students scoring at Level 3 or above.

Tables 2a-2c show the elementary English Language Arts (ELA), Math, and Science results by schools.

Tables 3a-3d show the middle school ELA, Math, Algebra 1, Science, and Civics results by schools.

Tables 4a-4f show the high school ELA, Algebra I, Geometry, Algebra 2, Biology, and US History results by schools.

Note: Assessment results reported in this memorandum include scores for all students tested. When calculating school or district grades, not all test scores are included based on multiple factors. Additionally, gains from year-to-year are not included in this preliminary release of scores.

“We are proud of the achievements of individual schools and the collective District performance. Overall, we continue to see growth as CCPS exceeded the state in 91% of assessed areas, an increase from 82% in 2016. An area to highlight is 5th grade science, with an increase of four percentage points from 2016 to 2017 performance. This is due to a specific focus in this area, and is part of an increase in all tested science areas, inclusive of 8th grade and Biology. Ultimately, our successes can be attributed to the hard work and perseverance of our students, teachers, parents, administrators, District staff, and strong community support.”

-Dr. Patton
