

MEMORANDUM

July 11, 2014

TO: Board Members  
Collier County Public Schools

FROM: Dr. Kamela Patton, Superintendent  
Collier County Public Schools

SUBJECT: SCHOOL GRADES

The Florida Department of Education has released the 2014 school grades for elementary and middle schools across the state. High school grades will be released later in the school year.

The results released today indicate that our schools have higher grades than they did last year—we have five more schools with A and B grades. Unfortunately, we also increased one more F school.

Overall, a total of 39 schools in Collier County (excluding high schools and charter schools) were graded by the State. Of the schools graded in FY14, 15 schools were graded an 'A', 4 schools were graded a "B", 12 schools were graded a "C", 5 schools were graded a "D", and 3 schools were graded an F.

The distribution of the grades is shown in Table 1:

Table 1

Grade	FY13		FY14	
	Count	Percent	Count	Percent
A	13	33%	15	38%
B	10	26%	4	10%
C	7	18%	12	31%
D	7	18%	5	13%
F	2	5%	3	8%
Total	39		39	

\*Excluding high schools and charter schools

High school grades will be released later in the school year as 50% of the high school grade is comprised of non-FCAT components, including graduation rate of all students and those identified as academically at risk, participation and performance of students in accelerated coursework, and postsecondary readiness of students, and these components require additional time to compile.

Our charge is to provide a high-quality education that prepares our students for graduation, a career, or college. Making sure our students receive a high-quality relevant education so they have the skills and training they need to succeed is key and remains our steadfast focus.

Tables 2 and 3 show the elementary and middle school grades over time.
