

Attention 8th grade and all High School Students!

Are you interested in taking a virtual course and freeing your school day for additional course opportunities while fulfilling a high school

Join CVS!

HOPE

Enroll in Health Opportunities Through Physical Education, or HOPE, through Collier Virtual School's (CVS) part-time program. Successful completion of both semesters of this course satisfies the high school physical education requirement and the online graduation requirement.

Advantages for this virtual course include:

- Features **Florida Virtual School (FLVS) course content** with CCPS teachers
- An opportunity to have face-to-face meetings in the evening with your instructor
- Convenient, flexible office hours to contact your instructor
- A 100% online course that is aligned with State standards and CCPS expectations
- Limited enrollment numbers to ensure smaller course size
- Greater high school elective options once the HOPE course is completed

Students are required to have one complete online course to receive a standard high school diploma. This course will meet that requirement!

Register NOW!

This is a first come, first served program. Enrollment is not guaranteed.
