

DATE

Memorandum of Agreement between Charter Applicant and Collier County Public Schools for Application Review Timeline

Florida Statute 1002.33(6)(b)3.a. states, "A sponsor shall by majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application."

Due to the District School Board meeting calendar, the District is requesting an extension of the 90-day timeline so that the application may go to the Board for a vote on **DATE TBD** and thus prevent any lapse in time. Accordingly, to effectuate this we are requesting **SCHOOL NAME** consent to enlarge the time beyond the 90 day period.

I agree to the Collier County School Board extension.
