

K-5 ELA INSTRUCTIONAL REVIEW OBJECTION FORM #1616358

First Name: Sandy

Last Name: Doyle

Objection #1

Textbook: Houghton Mifflin Harcourt - Florida Into Reading

Page Number: Teachers Guide/Grade 1/ page vi

Objection Based: Bias

Objection: Dr. Tyrone Howard is an "expert" in CRT. . (<https://www.hmhco.com/people/tyrone-howard>) from University of California. If there is no CRT in these texts, they why are the policies of CRT experts used? He refers to the work of Gloria Ladson-Billings and Geneva Gay. Multiracialism and division are instilled in the elementary grade levels.

This "expert" focuses upon race and culture, not academics. Dr Howard is quoted ?Our ultimate goal is to create cultural democracies...? What does that mean? Our ultimate goal SHOULD be to provide the tools to educate students for life.

This Critical Race Theory bias is inappropriate in elementary school books.
