NEW BUSINESS:

SEL / Mental Health Requirement
 Student Services Data

DISCUSSION	<p>Attached State Mandate for Mental Health presentations is included in this record. Mr. Bremseth presented the format and video for the mandated 5 hours of mental health awareness to take place during 4th period on Wednesday, determined to be the highest attendance and access by BC students. SAC parents did make a formal request to be able to see the videos presented to students and will be updated when CCPS makes them available. The current video introduced the Student Services team. The outline of topics was helpful and we will continue to get updates as the program progresses through March before exams. Communications were made to Dual Enrollment and virtual studies students.</p> <p>Mr. Dawes presented current analysis of student discipline data. Currently trending positive, the vaping and post Parkside events caused an abrupt uptick last year. Strategies within BCHS are being used to prevent and assist with issues of highest priority. Vape detectors have been installed in BC bathrooms, as well as personal review of the referral discipline system.</p>

January Calendar of events

DISCUSSION	As per intentions noted in previous meetings, Mr. Bremseth presented us with an overview of activities taking place affecting BCHS students and community for the month of January.
