SCIENCE: 80 % PROFICIENCY

80 x 7 GOAL

When developing lesson plans please remember the following:

Rigor

Student work will demonstrate a level of rigor, i.e., cognitive complexity, deep understanding and knowledge, consistent with the demands of Florida State Standards.

Differentiated Instruction

Teachers will develop activities to assist students with strengthening areas of focus.

Instruction Through Digital Innovation

Teachers will ensure access to innovative digital technologies and learning opportunities.

School Wide Deliberate Practice Goal

Organizing Students for Cognitively Complex Tasks (#21): The teacher appropriately organizes and guides groups to work on short- and long-term complex tasks that require them to generate and test hypothesis.
