

How to request AICE Test Scores to be sent to Colleges / Universities

Students must submit on-line request to Cambridge AICE to send scores directly to the college you will attend.

<https://gradetranscripts.cambridgeinternational.org/>

*There is now a \$17 fee for Cambridge Transcript services. Fee waivers will not be available through Cambridge International. Students will be able to pay the \$17 fee for each transcript request per institution online by Visa, Mastercard, or American Express.

*Students can pre-order June series transcripts starting in late February, and November series transcripts starting in mid-August. Pre-ordered grade transcripts are sent within 14 days of results release day. Past exam series will be sent within 14 days after payment is received. About 3 months before each exam series starts, the series will become available to select in the Grade Transcript Form. Students may use a single request, with a charge of \$17 per institution, to order transcripts for past series and to pre-order a transcript for results that have not yet been released.

Helpful Information for Completing AICE Transcript Request Service:

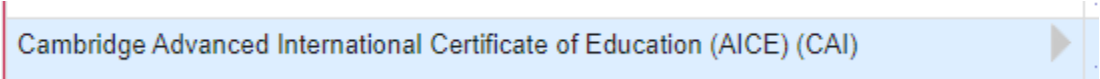

High School Center Number: US569

Centre Name and Address: Gulf Coast High School

7878 Shark Way

Naples, FL 34119

Your AICE Candidate Number and AICE Exam Series and Date test was taken: This can be found on your 'Test History' portion of your high school transcript on FOCUS. Then click the arrow next to Cambridge Advanced:

Cambridge Advanced International Certificate of Education (AICE) (CAI)
