

BRIEFING ID#: 11009

Audience: ALL ADMINISTRATORS
OFFICE MANAGERS

Subject: Guest Wifi Access Update

Category: *District Information*

Priority: *Normal*

Post Date: 05/03/2018

Due Date: N/A

Meeting Date: N/A

Attachment(s): • [CCPS Toolkit-Reports.pdf](#)

Purpose: To inform District and School Administrators of the new location to access the Guest Wireless password and the decommissioning of the existing iFilter site on June 30th.

Briefing: The Technology Department will decommission the "iFilter" website used for accessing the Guest wireless password. The guest password will be moved to the CCPS Toolkit under reports to centralize and simplify requested reports.

- For District and School Administrators to access the new location use the link below to login to the [CCPS Toolkit](#).
- Use the Reports option on the left menu and run the report "Guest Access WiFi Wireless Password" under the Filter Reports.
- Contractors, Guests, Parents or other users who need temporary access to the CCPS Wi-Fi network can be granted access to the CCPS-Guest network by a School Administrator. The password for this network is rotated weekly every Monday. Reference iBriefing #4339
- See attached guide for [step by step](#).
