FAQ:

How do I order? The Herff Jones representatives will be on campus listed on the front cover. You can also order online at highschool.herffjones.com if you miss us on campus but we recommend if this is how you plan to order, have your student get measured correctly while we are on campus. You can also order at our Ft. Myers office.

How much money do I need to start an order? The deposit amount is listed on the front cover and based on metal quality. The remaining balance must be paid prior to receiving your ring. You can also pay for the ring in full.

When will we receive the ring? Production takes between 8-10 weeks depending on the time of year the order is placed. We try and deliver all the rings at once back to school once they are in. Some schools also have a special ring ceremony when the rings are delivered. Emails from classrings@gradproinc.com will be sent once that date is set, so please make sure you print your email address legibly on the order form. We can also ship the rings to your home if so desired.

Do I need to fill out the whole order form? No, we ask that you fill out the student's information on the enclosed order form neatly and accurately. The Herff Jones representatives at school will help finish filling it out, size your student, tally out the order form and collect your payment. If you would like to make the selections yourself, you may do so.

Can I make payments on the ring? Yes, you can make payments on your ring while it is being made for any dollar amount at highschool.herffjones.com by selecting the Make A Payment icon. We are also able to take payments over the phone and able to hold the ring for an additional 12 months while you continue to make payments but please remember, the ring must be paid in full prior to receiving it.

What if their finger grows? Resizing is covered for FREE! Please read the Lifetime Warranty including the 6 Year Lost Ring Policy that is on back inside cover of the ring catalog along with the other many items covered for Lifetime for FREE under industry best warranty.

Is the deposit refundable? You have (3) three business days to cancel or make changes to your order. After that, the order is submitted to the factory to make your unique one-of-a-kind class ring and the deposit is then non-refundable. If you want to make a change after the (3) three days, a \$75 change fee would be required.

Does my mascot come on the ring? For ring styles that take a mascot, your official design is included in the price. You can also add another prideside for an additional cost if you do not want your mascot.
