

GEAR UP FOR NEXT SCHOOL YEAR

HOW TO PLAY GEAR UP BINGO

Each day, pick a square and do the activity inside. Mark it off and try to make as many different BINGOs as you can – vertical, horizontal, diagonal and four corners. The goal is to fill the board before the month is over.

<p>Read an informational book. (space, places, animals, plants...)</p>	<p>Read while eating a snack.</p>	<p>Take a nature walk with an adult to find living and nonliving things. Then draw a picture of one living and one nonliving thing.</p>	<p>Read a recipe. (optional: Make it)</p>	<p>Draw a picture of two things you NEED to have and two things you WANT to have. Talk about the difference between needs and wants.</p>
<p>Look around your house. Find as many 2-D and 3-D shapes as you can. Draw the shapes that you see and label the parts of each shape. (vertex, side, face, etc.)</p>	<p>Have someone read to you. Tell your favorite part.</p>	<p>Love family game night? Read board game directions then get playing.</p>	<p>Draw a picture of a farmer or a baker using tools or equipment they would need to do their jobs.</p>	<p>Do this exercise! Starting with 6, count and do jumping jacks from 6 to 20. (a total of 14 jumping jacks)</p>
<p>Read the LABELS on your favorite foods.</p>	<p>Read a book you rented from the public library or through SORA.</p>	<p>FREE  SPACE</p>	<p>Read a book someone else picks.</p>	<p>Think about different animals and plants. Draw a picture of what animals and plants need to live.</p>
<p>Draw three U.S. symbols and discuss what the symbols represent.</p>	<p>List all things that are BLUE.</p>	<p>Read a picture book.</p>	<p>Read a book by an author you've never read before.</p>	<p>Read aloud to a younger sibling, friend, or relative!</p>
<p>Read a comic strip from a newspaper.</p>	<p>Sort your toys by observable properties like size, color, shape, temperature, weight, or texture. Draw your groups of toys and label how you sorted them.</p>	<p>Read to someone on the phone.</p>	<p>Using 10 small objects, create other expressions that show you can switch the order of the numbers when adding that show the same sum.</p>	<p>Create problems with a two digit number and + or - 10 on pieces of paper. Solve them with your favorite color marker.</p>

Read ONE book of your choice.	Watch TV with the sound off and the closed captioning on.	Do this exercise! Butterfly and shoulder stretch for 1 minute.	Take a walk outside. Then draw a picture of the sky and write a sentence about the weather. (hot, sunny, cool)	Watch a TV show and tell the characters, setting, and plot.
Gather several items around the house and compare the length and height of the objects. (ex: The crayon is shorter than the pencil)	Discuss why the Fourth of July, Independence Day, is an important national holiday. Draw a picture that represents the holiday.	Draw a picture that shows night and day. Then make a list of things you do during the day and at night.	Do this exercise! 7 push ups within 3 minutes.	Make a FORT and read inside it.
Read to your favorite stuffed toy. (or all of them)	Go on an ABC scavenger hunt. Find things that begin with each letter of the alphabet.	FREE  SPACE	Read with an accent Examples: Yoda, Mickey Mouse, Goofy, Buzz Lightyear, Dory.	Find two toys that you play with. Then draw a picture of yourself pushing or pulling the toy to make it move.
Read a POEM.	Tell an adult 3 facts in a book you read.	Read with a flashlight.	Sing your favorite song with a friend.	Act out your favorite part of a story.
List three things you should do when playing with friends to demonstrate good citizenship. Examples: taking turns, sharing, taking responsibility, following rules, and honesty.	Collect data for the weather for 5 – 7 days. (ex: sunny, cloudy, rainy) Categorize and record the data using a tally chart. Share your chart with a family member or friend.	Use paper or other materials to divide shapes into halves and fourths. Discuss how you could divide each item to share equally with two people. Discuss how you know that both are equal. Repeat for fourths.	Draw a picture that shows you following two rules at home. Talk about the importance of following the two rules.	Jumping rope for 1 minute (not using a rope- only pretend rope) jumping about 4 inches off the ground. 1 jump per every other second.
