

## Science Project Requirements

(Cambridge and Advanced Classes)

Students in Cambridge and Advanced classes will have the opportunity to complete a **Science Fair Project** following the District Science Fair guidelines from the website below, **OR** participate in an **Alternative Science Project**. The Alternative Science Project for each grade level is listed below. *(Please see your Science Teacher for the alternative project directions).*

- **Grade 6 – Hurricane Proof Structure Project** – Due Date: *Spring Date, TBA*
- **Grade 7 – Clam Pass Beach Project** - Due Date: *Spring Date, TBA*
- **Grade 8 – Mouse Trap Car Project** - Due Date: *Spring Date, TBA*

*The goal for all students is to learn the importance of the Scientific Method. The Scientific Method is a series of steps to collect information or solve problems.*

- 1) *Observation/Question*
- 2) *Hypothesis*
- 3) *Experimentation*
- 4) *Data Analysis*
- 5) *Conclusion*

### Science Fair

**Science Fair Website:** This is a great resource for students and parents. <http://www.collierschools.com/page/1271>
