

We would love to have you volunteer at Vineyards!

In order to volunteer at any Collier County public school, our school district has the following requirements. You need to

1. complete the online application at www.collierschools.com (to be approved by the school district),
2. attend a volunteer orientation here,
3. and be entered into the “Fastpass” system at our front office.

This is a one-time process; you do not need to repeat the application or orientation each year. Once you meet these requirements, you may begin as a volunteer. Each time you come to volunteer, you must sign in the volunteer book, record your hours, and swipe your Fastpass badge. At the end of each school year, you will turn in your badge. At the beginning of the new school year, you will make any changes to your online application and sign an acknowledgement form when picking up your badge.

Any questions? Please contact Alysha Duran, 377-8713.

Thank you!
