

Naples High School

Academic Booster Club (ABC)

The Naples High School Academic Booster Club was established in 1986. Its purpose is to recognize, reward, and encourage academic achievement and excellence by our students. ABC also strives to express our appreciation to NHS teachers and staff by hosting teacher appreciation events, providing teacher grants, and by financially sponsoring the many academic clubs that our teachers provide for our students. ABC is open to all parents, friends, alumni, teachers, and anyone interested in helping to improve our Naples High community.

ABC Meetings

The meetings are the 2nd Thursday of each month at 7:30 a.m. in Principal's Conference Room

Email: **Peggy Lamb, Chair** at abcpeggylamb@gmail.com.
