Collier County Public Schools

INCubatoredu@CCPS will provide you with an authentic entrepreneurship experience!

Welcome to the **Innovation Lab**, where passive old learning models are destroyed by curriculum that will challenge you by igniting the competitive and creative concept of modern day business.

Upon walking into an Incubator lab, you will instantly realize that the Innovation Lab humbles the traditional classroom setting. By focusing on **collaboration, technology and creativity**, these pseudo-Silicon Valley” type classrooms will give you the opportunity to be a **free thinker, innovator, and or creator.**
