

Features:

Conference Calls

To make a Conference Call please follow these steps:

- Call the first party involved in the conference call.
- While on the line with the first party, press the More Soft Key button on the phone.
- Then press the CONFRN Soft Key button on the phone.
- You will then hear dial tone.
- Dial the phone number of the second party involved in the conference call.
- Once the second party is connected, press the CONFRN Soft Key button.
- All three lines will now be connected and able to talk together.
