COVID-19 Updates

• CCPS Communications Department is maintaining a Health Information Updates page, available on the CCPS Homepage
  • Preventative Updates from CDC (Centers for Disease Control)
  • Parent Messages sent on Thursday, February 27 and March 2
• District leadership has undertaken a thorough review of our Pandemic Emergency Response Plan
• Human Resources Division will distribute a quick reference guide to all employees as a reminder about the use of both MDLive (telemedicine) and Employee Wellness Programs (EWP)
Curriculum and Instruction Division has begun the process of creating mini-lessons to teach about bacteria/virus prevention and handwashing as a supplement to the content in science and health education courses.

Curriculum Coordinators are reviewing content to be placed in Canvas for virtual instruction.

Canvas tutorials have been developed for teachers to enhance their skills for virtual instruction.

CPR practice activities have been curtailed to limit exposure.
COVID-19 Updates

• Increase the number of handwashing posters and disease prevention posters throughout the schools

• Developing grade level specific videos to spread awareness of proper hygiene and preventative practices specific to COVID-19

• Increasing the number of hand sanitizer stations across our schools

• Continue outreach to parents/guardians to keep emergency contact information up-to-date to allow for direct communication
• Signs will be posted at the front entrance of every school with wellness questions for self-reflection as visitors and parents enter the school

BUILDING NOTICE:

In light of the Governor’s Executive Order 20-51 declaring a public health emergency in Florida, please consider the following questions and, as a matter of personal and collective responsibility, act accordingly in the best interest of all.

1. Have you been in the U.S. for the last 15 or more days?
2. Did you travel outside of the U.S. prior to this 15 day period?
3. Did you travel to China, South Korea, Japan, Italy, Iran or Hong Kong?
4. Have you been in contact with persons or travelers to any of these countries at any time prior to today?
5. Have you experienced flu like symptoms, coughing, or shortness of breath?
   • If so, have you been seen by a physician or other health care provider such as a Registered Nurse?
COVID-19 Updates

• Nurses will be added to our student enrollment and registration centers

• An additional community message will be sent on Thursday, March 5 with school health updates

• Governor DeSantis declared a Public Health Emergency in the evening hours of March 1, due to the possibility of two cases being identified in the State of Florida (Manatee and Hillsborough Counties)
  • This directs all agencies to work with the Department of Health as the lead agency
COVID-19

• Facilities Department has a company on retainer for remediation
• Review of the classroom cleaning protocols with ABM Custodial Services
• Charter School Principals have received ongoing information and are scheduled for another update on March 4 at 4:00 p.m.
• Requested assistance of NEOLA as we review current policies for necessary revisions
