

After School Bus Permission Form

1. Transportation is only available to students who ride the bus during regular school hours.
2. Students must have a signed bus permission form on file for after school.
3. Behavioral Expectations are the same for after school buses as for regular buses.
4. Students must obey the driver. The driver is in charge.
5. Students may only ride the after school bus on days that they attend the after school program.
6. Riding the bus is a privilege, not a right. Please do not lose it.
7. Transportation is afterschool only Monday-Thursday.

I fully understand the above information on behavioral expectations. I understand that if my child breaks any of these rules, he/she will no longer be able to ride the after school bus. I also understand that there will be no refund for this program.

Name (*Student's first and last*): _____
