SUBJECT: FCAT Assessment Results for Grade 3

Enclosed are the Grade 3 FCAT 2.0 Next Generation Sunshine State Standards results.

Note: The Grade 3 FCAT results reported here are for all students tested. The results reported here will be different from school grading, as school grading does not include all students tested.

Table 1 shows the 3rd grade FCAT district and state mean scores, the percent of 3rd grade students scoring at Levels 3 or higher, and the percent of students at Level 1 in both reading and math.

Compared to last year, the District maintained the same mean scores in both reading and math, and improved by 1 point in reading and math in percent scoring at Level 3 or higher. In math, the percent of students at Level 1 improved by 3 percentage points, and compared to two years ago, improved by 6 percentage points.

Tables 2 through 4 show the school level results based on mean scores, percent scoring at level 3 or higher, and the percent of students at Level 1.
