COUNSELOR TOTAL 1,524 STUDENTS
 SCHOOL 1234 TOTAL 1,524 STUDENTS
 REQUEST 005 TOTAL 1,524 STUDENTS

SB023 – Print School Roster – from S306

REPORT DESCRIPTION:

This program produces rosters of students based on the enrollment records belonging to the designated Year and Year Type. Basic Student Record data including Ethnicity, Sex, Date of Birth, Primary, Secondary and Home Language are printed.

Using the Status selection criterion, schools can limit the report to students who have active enrollment records. If desired, the report can be produced for a range of enrollment dates. The majority of the selection criteria are generic.

REQUEST DESCRIPTION:

This request will create an alphabetical report that lists all active students in school 1234.

SB028 – Print Address Reference – from S307

REPORT DESCRIPTION:

This program produces a listing of students by address. Its primary audience is the pupil assignment personnel and/or school personnel who are responsible for pupil assignment.

This report can be used to determine if a school has more than one student living at an address, thus eliminate duplicate mailings.

REQUEST DESCRIPTION:

This request will produce a report sorted by residence address and listing all the active students at school 1234.

SB032 – Print Contact Notification List – from S306

REPORT DESCRIPTION:

This program produces a listing of students (either Admitted or Enrolled) along with their contact information. The contact information includes the contact's name, home telephone number and work telephone number. This report will also print one or two contact email address under the contact name if one was entered on S315 contact detail. It will also print 'ISS' before every contact if a 'Y' was entered for custody issues on panel S318.

REQUEST DESCRIPTION:

This request will produce a report that lists all active students in school 1234 and their contact information. The report will be sorted by school/alpha.

SCHOOL 1234 TOTAL 545 STUDENTS
 REQUEST 008 TOTAL 545 STUDENTS

SB033 – Print Enrollment/Admissions Count – from S306

REPORT DESCRIPTION:

This batch process may be used to produce counts and percentages for either Enrollment records or Admission records, depending upon the A/E setting. By using the date range fields, it can be run as a historical report for a specific date or date range.

This report can be limited to a specific school, theme, grade, homeroom, team, entry/withdrawal code or assignment code.

REQUEST DESCRIPTION:

This request will produce a report showing the current grade 05 enrollment at school 1234. It will be broken down by majorities, minorities, ethnicity and sex.

SB036 – Entry/Withdrawal Detail – from S308

REPORT DESCRIPTION:

This program prints a detailed view of shifts in the school or district's student population for a designated date range. The report may be produced by a school to allow school personnel to determine whose cumulative folders will need to be pulled (withdrawals) and whose might be expected (entries). The district options provide details of the district's overall activity and tracks gains and losses in grade level.

REQUEST DESCRIPTION:

This request will produce a report of all 3rd grade students who entered school 1234 between the dates of March 1, 2009 and March 31, 2009.

Note: All 3rd grade students with an entry date in the specified date range will print in the ENTERED section of the report. If any of those students are withdrawn at the time the report is processed, they will also print at the bottom of the report in the WITHDREW section of the report.

When run with Withdrawal dates, all students who withdrew during the date range will print in the WITHDREW section. They will also print in the ENTRY section with their entry information.

SB048 – Leaving/Incoming Students – from S438

REPORT DESCRIPTION:

This program produces a listing of students whose Admission School differs from their Enrollment School. Schools can use this report to print a list of students who will not be returning or a list of incoming students. Set the first A/E indicator on S438 to 'E' to print a list of students who are leaving. Set the first A/E indicator on S438 to 'A' to print a list of incoming students.

REQUEST DESCRIPTION:

This request will produce a list of incoming students for school 1234 for the regular 2009 school year. It will show their school of current school and grade level and next year school and grade level. This report will be sorted by current school of enrollment.

SB049 – Potential Retentions – from S438

REPORT DESCRIPTION:

This program produces a list of students who have a specific retention code for a specific year/type.

REQUEST DESCRIPTION:

1. This request will create a report that lists all 3rd grade students at school 1234 who have A (Promoted with Accommodations) as a promotion/retention code for the regular 2009 school year. It will also print the Good Cause Code that must be entered for 3rd grade students.

Note: This report can be run for previous school years.

SB071 – Clinic Visit Roster – from S397

REPORT DESCRIPTION:

This batch process is used to produce a list of students that have clinic records. This information is taken from the records that have been entered on the S392 - Visit Record panel. There are various sort sequences that may be selected.

REQUEST DESCRIPTION:

This card will create a report that lists, in school/alpha order, all of the Clinic Visit records that have been entered on the S392 - Visit Record panel for school 1234 for the 2009 school year between March 16, 2009 and March 19, 2009.

SB077 – Student Health Report – from S408

REPORT DESCRIPTION:

This batch process is used to produce many different reports that show student health information. The printed report contains information related to student Health Status and includes Immunization, Conditions and Screening data that has been recorded for a particular student.

You may use the Status flag in the Controls area of this panel to produce a report of students who have no Health Status information recorded in the database.

The report can be used to print students with specific Immunization codes, specific health exam codes, if student has Health Insurance and/or student health conditions. You can also print any notes you may have attached to panel S403.

REQUEST DESCRIPTION:

On the following pages you will find several different sample cards and the reports that will be produced when they are submitted.

SORT SEQUENCES:

| SEQ | SCHOOL | GRADE | HMRM | INS | STDT NAME | STDT NBR |

SB080 – Conditions Verification – from S408

REPORT DESCRIPTION:

This batch submission will create a report that lists students and their conditions information. The information comes from the data that has been entered on the S405 – Conditions panel.

Note: Selected homerooms may be printed by entering 'H' in the R (Referred Indicator) field. The homeroom you want to print is then entered in the Outc (Referral Outcome) field. This is a generic field.

Ex: If 101 is entered, homerooms 101 and 101L will print.

REQUEST DESCRIPTION:

This card will create a Conditions Verification report listing all active students at school 1234 who have one or more Conditions Codes entered on the S405 – Conditions panel.

SL302 – Students With Next Year Reassignments - from L100

REPORT DESCRIPTION:

This batch submission will create a report that lists students with their next year school information. This report can be run before or after projections. If run before projections are made, it will not reflect any out-of-zone assignments. Also, it will list only your current students and the school they will attend next year.

REQUEST DESCRIPTION:

This card will produce a list of students who have a School Year 2009 (next school year) Admit record on the S320 – Admissions panel for school 1234 and grade level 09. The report will be sorted by the students' current school of enrollment.

Note: If projections have not yet been made and there are no admit records on the S320 – Admissions panel, use the current school year with 'E' under the A/E field and the next school year under GeoYr.

REQUEST 001 466 STUDENTS

SL310 – Summer School Multi-Purpose Report – from L100

REPORT DESCRIPTION:

This batch submission has many uses. It can be used to print a listing of students that will allow teachers to circle codes to designate which students should be attending summer school. It can be used to print a list of students who have summer eligibility codes or students with summer school parent confirmation.

With this batch submission you can also print a homeroom listing that has blanks beside each student name that can be used for multiple purposes.

REQUEST DESCRIPTION:

On the following pages you will find samples of ways this card can be used to produce different types of reports.

SORT SEQUENCES:

| SEQ | ENR SCHL | REG SCH YEAR SCH | ADMIT SCHL | ESE EXC | ENR GRD | ADMIT GRD | HMRM | SUM SCH ELIG CODE | STDT NAME |

| J* | X | | | | | | | | X |
| K* | X | | | | X | | | | X |

*Migrant Only – Sorts J and K will produce a report of only migrant students.

This card will create a report, sorted by homeroom, that will allow teachers to circle the code that should be entered as a summer school eligibility code for a student. If a student has an eligibility code already recorded in a student's record, it will print on the report.

SL328 – Student Variable Select Report – from L100

REPORT DESCRIPTION:

This batch submission can be used to create reports listing many different combinations of student data. To choose a field to print on the report, enter 'Y' below the field on the card. The only exception is ADR (address) which must have a 'M' (mailing) or 'R' (resident).

You may choose one field and have the report sort by the data printed in that column. To do this, enter a 'S' instead of a 'Y' under the field on the card.

REQUEST DESCRIPTION:

This card will create a report, sorted by homeroom (H = S). The report will contain ethnicity, sex, birthdate, mailing address, homeroom number, exceptionality code and matrix, LEP information (LEP code, level of fluency, primary language, home language and 1st language spoken) and migrant code.

SL331 – Student Assignment (Out-of-Zone) Code – from L100

REPORT DESCRIPTION:

This batch submission is used to create a report that lists students who have an Out-of-Zone Assignment code on the S313 – Demographics panel. It can be used by Pupil Services to create a report that is sent to the schools for verification. When used this way it can be printed with the header 'RETURN TO PUPIL SERVICES WITHIN 10 DAYS'. When printed by a school, it can be printed without the header.

REQUEST DESCRIPTION:

This request card will produce a list of active students at school 1234 who have an Out-of-Zone assignment code.

SL349 – Health Department Screening Download – from L100

REPORT DESCRIPTION:

This batch submission creates a download file that will be used by the Health Department at Screening times in the schools. The Health Department will request that the schools submit for this download a few days before a Health Screening takes place.

NOTE: The New Field HDF is a required field and needs to have an N = do not create a file or Y = create a file. To send the file built directly to the Health Department use a Y under the HDF. The file will be sent directly to the Health Department. Everyone else should use an N under the HDF field.

REQUEST DESCRIPTION:

This card will create a download file for KG students at school 1234.

SL354 – Print Student Laser Labels – from L100

REPORT DESCRIPTION:

This batch submission will produce labels to be printed on your Xerox printer. There are several options on the card that enable you to limit the labels to specific students. Demographic information (student #, school #, grade level, homeroom and birthday) may also be printed on the label. There is an option to print 'To the Parent's of:'.

Note: If the 'Dt' (print details) field is set to S or D the date entered under Prt Date will print on the label.

Labels can be printed for specified ESE Program numbers or specified Homerooms by using the Select field on the Select line.

REQUEST DESCRIPTION:

This card will create Health Screening Label for all KG students at school 1234. The date 09/03/2009 will print on the label.

SL358 – Directory Information Download – from L100

REPORT DESCRIPTION:

This batch submission will produce a file and/or report containing directory information for students. (See next page for list of fields)

Note: To keep a student's directory information from being inserted into the download file and/or printing on a report, the 'DI' (Release Directory Information) field on the S313 – Demographics panel must contain a 'N'.

REQUEST DESCRIPTION:

This card will produce a file with directory information for all students at school 1234. It will also produce a report showing the student directory information. The mailing address will be in the download file and also printed on the report. If the mailing address for a student has not been entered on the S314 – Alternate Address panel, the residence address will be put into the download file and printed on the report.

SL367 – Students Retained or Over Age – from L100

REPORT DESCRIPTION:

This batch submission will create a report that shows students who have been retained and students who are Over Age for their assigned grade level.

To determine whether or not a student is Over Age for a grade level, the following table is used:

Age on September 1st of the current school year is:

- grade 02 - 09 years or older
- grade 03 - 10 years or older
- grade 04 - 11 years or older
- grade 05 - 12 years or older
- grade 06 - 13 years or older

Ex: For request year 2007 any 6th grader who was 13 on September 1, 2009 would be included.

REQUEST DESCRIPTION:

This card will create a list of students at school 1234 who have been retained or who are Over Age for their assigned grade level.

SL372 – Student Information Report W/Admitted/Enrolled – L100

REPORT DESCRIPTION:

This batch submission can be used to create reports listing many different combinations of student data. To choose a field to print on the report, enter 'Y' below the field on the card. The only exception is ADR (address) which must have a 'M' (mailing) or 'R' (resident).

You may choose one field and have the report sort by the data printed in that column. To do this, enter a 'S' instead of a 'Y' under the field on the card.

REQUEST DESCRIPTION:

This card will create a report, sorted Admit School/Admit Grade. The report will contain ethnicity, sex, birthdate, mailing address and phone number.

SL624 – Set Enrollment Homeroom Field (S313) – from L100

REPORT DESCRIPTION:

This batch submission will set Homeroom numbers in students' demographic records (S313). The Se (session) and Md (module) fields determine the homeroom number assigned to each student. Use the start session and the start module.

Ex: Se = 1, Md = 1 would set session 11, 12 or 14, mods 0101 or 0102 teacher as homeroom number.

Note: Homerooms must be defined for each teacher on the S185 – Homerooms/Teams panel before this batch submission is run.

REQUEST DESCRIPTION:

This batch submission will set the session 11, 12 or 14, mod 0101 or 0102 teacher number as the homeroom number in each student's demographic record on S313. If a homeroom number already exists, it will be cleared and the new one entered.

Note: Homeroom has been defined, using each teacher number, on panel S185 prior to running this batch submission.
